I. KEY ENTITY INFORMATION AND MANAGEMENT

(a) Background Information

The Ministry of Education was renamed through Presidential Executive Order No. 1/2016 of May 2016, on organization of the Government of the Republic of Kenya where the Ministry of Education created three State Departments namely; Vocational and Technical Training, University Education and Basic Education. The three State Departments are headed by respective Principal Secretaries.

The Ministry is headed by the Cabinet Secretary for Ministry of Education, Ambassador (Dr.) Amina Chawahir Mohamed, EGH, CAV who is responsible for the general policy and strategic direction of the entity.

The State Departments under Ministry of Education are outlined below;

- (i) The State Department of Vocational and Technical Training administered by Dr. Kevit Desai, PhD. MBS.
- (ii) The State Department of University Education administered by Prof. Micheni Japhet Ntiba, PhD, DBA, CBS.
- (iii) The State Department of Basic Education administered by Dr. Belio R. Kipsang, CBS

The accompanying financial statements constitute the financial statements for the State Department of Vocational and Technical Training.

The vision, mission, core values and core function of the State Department of Vocational and Technical Training under Ministry of Education include:

1.1 Vision

To provide skilled and globally competitive employable human resource.

1.2 Mission

To provide, promote and co-ordinate the training sector by assuring quality, inclusiveness and relevance for the enhancement of the national economy and global competitiveness

Mandate

The State Department of Vocational and Technical Training (VTT) is charged with the responsibility of coordinating national skills training. It is responsible for policy, curriculum development, registration and supervision of VTT institutions in the Country.

This mandate is derived from the TVET Act 2013 which indicates the Cabinet Secretary in consultation with the other Ministries and the private sector involved in training shall;

Reports and Financial Statements

For the year ended June 30, 2017

- (i) Develop policies and profile strategies for the development of a national training system
- (ii) Have the overall responsibility in the provision of training and
- (iii) In collaboration with other Ministries and stakeholders, be responsible for promoting access, equity, quality and relevance in training

Core Values

- a. Access and equity Every Kenyan has a right to access quality and relevant education and training. The policy shall therefore create an enabling environment, opportunities and mechanisms to provide pathways to those seeking to pursue quality vocational and technical training at all levels.
- b. **Inclusivity and respect for cultural and social diversity** National values shall be respected and promoted in all TVET institutions and this includes principles that pay attention to the people with disability and respect human dignity while ensuring equity, equality and protection of marginalized societies.
- c. **Non-discrimination** There shall be no discrimination on grounds of race, colour, gender, religion, national or social origin, economic status, political or other opinions.
- d. Quality and Relevance Emphasis shall be placed on demand driven and outcome based training. This principle shall promote technical, professionalism, knowledge and qualification needed in the various sectors of the economy.
- e. **National integration** Employment opportunities, occupational standards and development prospects within TVET structures shall be made available to all Kenyans
- f. Life-long Learning The training will be designed to operate within a framework of open-ended and flexible structures in the context of lifelong education and training. This is the principle for continuing training for improvement of professional qualifications and updating of knowledge, skills and understanding.
- g. **Entrepreneurship Culture** TVET examination and competence assessment shall be centred on promoting and developing innovation, creativity and entrepreneurial minds for self-reliance.
- h. **Complimentarily** -Education for those receiving technical, industrial, vocational and entrepreneurship training in the form of on-the-job training or other training in institutions or other facilities.
- i. **Environment** Protection of the environment and the common heritage of the country.
- j. **Partnerships** -Creating and promoting an enabling environment for Public-Private Partnerships for enhancing investment in technical training.
- k. **Information and Communication** Promoting integration of information and marketing of training opportunities through ICT.

Reports and Financial Statements

For the year ended June 30, 2017

1. **Leadership** - Leadership within TVET Structure and organs shall be based on the principles of serving people with integrity, ethical practices, respect for the people and fairness among others.

I. KEY ENTITY INFORMATION AND MANAGEMENT (CONTINUED)

1.3 Core Functions

The core functions of the State Department for Vocational and Technical Training include:

- a. Increasing access and equity in training
- b. Enhancing quality and relevance of training programmes
- c. Implementing the TVET Act to regulate and monitor training standards in TVET
- d. ICT integration in TVET provision and pedagogy
- e. Extension and outreach programmes
- f. Collaboration and linkages with industry and other relevant institutions
- g. Establishment of TVET Centres of Excellence
- h. Upgrading of National Polytechnics to award degrees and to open up transition from diploma level to the degree level
- i. Upgrading of technical institutes to National Polytechnics to create clear TVET pathways for upward mobility of trainees
- j. Promotion of structured applied research and innovation culture through Annual TVET Fairs, Robot Contests and exhibitions for
- k. Establishment of industrial processing and manufacturing business incubators and intellectual property rights portfolios to empower institutions for pursuing autonomy status

(b)Kev Management

The State Department's day to day management is under the following key organs:

- Directorate of Technical Vocational Education and Training (DTVET)
- Directorate of Vocational Education and Training (DVET)
- Technical Vocation Education Training Authority (TVETA)
- Curriculum Development Assessment Certification Council (CDDAC)
- Kenya National Qualification Authority (KNQA)

MINISTRY OF EDUCATION, SCIENCE AND TECHNOLOGY STATE DEPARTMENT OF VOCATIONAL AND TECHNICAL TRAINING Reports and Financial Statements For the year ended June 30, 2017

II. COMMENTARY BY THE CABINET SECRETARY (CONTINUED)

Key Performance Highlights

Below is an overview of the financial performance for the year ended 30th June 2017 as reported in the detailed financial statements together with the commentary and comparative analysis against budget and prior year for the key items in the financial statements.

Financial Performance Summary

Actual Performance against Budget for Year to 30th June 2017

Financial Performance	Printed Estimates KShs	Actual KShs	Variance KShs	% Utilisation Variance
Total Receipts	8,418,210,938	7,935,740,311	482,230,627	94%
Total Payments	8,418,210,938	7,848,485,191	569,485,647	93%
Surplus for the Year	0	87,255,120	-87,255,020	

Actual receipts by the MDAs stood at 4% below budget while actual payments were 7% below budget. This is attributable to underutilisation of budget allocation for acquisition of assets and transfers and grants.

Budget Utilisation

The State Department spent Kshs. 7,848,725,291 against an approved budget of Kshs. 8,418,210,938 representing absorption of 93.2%. Utilisation of the budget was carried out through various activities (economic classifications) as shown in the chart below:

	Approved Budget Allocation	Actual Payments	Variance
	Kshs	Kshs	Kshs
Use of goods and services	3,770,517,752	3,497,472,558	273,045,194
Transfers to Other Government Units	4,456,362,422	4,329,951,710	126,410,712
Other grants and transfers	10,000,000	0	10,000,000
Acquisition of Assets	181,330,764	21,301,023	160,029,741
Total Payments	8,418,210,938	7,848,725,291	569,485,647

MINISTRY OF EDUCATION, SCIENCE AND TECHNOLOGY STATE DEPARTMENT OF VOCATIONAL AND TECHNICAL TRAINING Reports and Financial Statements

Source: Economic Survey 2016.

• The enrolment in Technical and Vocational Institutions increased from 135,983 (86,529 male and 49,454 Female) in 2014/2015 to 142,418 (89,491 male and 52,927 Female) in 2015/2016¹. This increase is attributed to establishment of New TTIs in the Country, expansion of existing TTIs, equipping of TVET institutions with State of the Art equipment and pursuing of reforms in TVET.

¹ Data on enrolment excludes the two Technical universities name Technical University of Kenya and Technical University of Mombasa. Additionally, during the period, enrolment data on private TVET institutions was not captured

- Infrastructure improvement and equipping of TVET Institutions: Construction works for Phase I of 60 new TTIs in constituencies without a TTI continued with an average physical progress completion level of 90%. A total of 24 out of the 60 TTI's under Phase I were fully (100%) completed. Of these, 12 TTIs were assessed and Principals posted by TSC. In addition, the Ministry started construction of phase II of 70 TTIs in constituencies without a TTI with the physical progress for the construction of phase II recording 30%. Therefore, a total of 130 new TTIs are under construction in constituencies without a TTI.
- A total of 10 GoK/ADB funded technical training institutions were registered by TVETA and are now operational. In addition, equipment for five (5) new technical training institutes in underserved regions was delivered, installed, tested and commissioned. There was also upgrading of equipment in a number of technical training institutions under this sub programme. This upgrading led to the elevation of eight (8) Technical Training Institutes to National Polytechnic status. The 48 workshops and laboratories under the ESP developed in existing TTIs have been completed.
- The recent reforms in the TVET sector such full operationalization of TVET Authority; CDACC, National Qualification Authority; Developed TVET Master Plan, Reform Strategy and CBET framework.
- A draft ICT lecturers' competencies framework and an e-resource centre. Eight (8) technical institutions started offering Cisco Networking Academy Programmes meant to provide trainees with industry-valued certification in skills to repair and maintain computers. A total of 40 TVET institutions were connected to the fibre optic cable. The Ministry established Smart classrooms in 10 TVET institutions and a sensitization workshop and training of teachers on the application of ICT to teaching, learning and management was also undertaken. In addition, a flexible and blended e-learning programme has been introduced in 44 TVET institutions in collaboration with the commonwealth of Learning (COL). Under Youth Polytechnics a total of 150 YPs integrated ICT in their programmes

^{*} Enrolment figures exclude Technical University of Kenya and Technical University of Mombasa

Reports and Financial Statements

For the year ended June 30, 2017

- The TVET curriculum development standards framework was finalized with a goal of adopting the Competence Based Education and Training (CBET) curriculum to make it more relevant to the market needs. The CBET curriculum framework was ratified by stakeholders in a workshop in May 2015
- A total of 15 workshops were built in 11 youth polytechnics. In addition, 4 hostels were built while 5 were rehabilitated.
- A total of 115 Youth Polytechnics were equipped with tools and equipment. A total of 104 trainers and 70 officers were trained on governance and financial management. Sixty-three thousand eight hundred trainees were supported through the Subsidized Youth Polytechnic Tuition funds this is to ensure access and equity in Vocational training.
- Review of instructional materials in four (4) course areas in National Vocational Certificate in Education and Training (NVCET curriculum) namely Metal Processing Technology, Motor Vehicle Technology, Building Technology and Fashion Design & Garment Making was done during the period. Eight other courses have been not reviewed
- As a means of enhancing equity, 4 TVET Special Needs Institutions were fully integrated in TVET. Other affirmative action measures included enhancing the budget of the Special Needs Institutions in addition to training the management of the institutions on Strategic Management, Financial Management, Public Procurement, and Performance Contracting.
- Following the enactment of the TVET Act (2013), Technical and Vocational Education and Training Authority (TVETA) was established with the core mandate of licensing public and private TVET institutions. Consequently, all the TVET institutions registered under the Education Act, Cap 211 (2005) were required, by law to be licensed afresh. TVETA started its operations in FY 2014/2015. The Authority has registered more than 600 TVET institutions since it commenced operations in the FY 2014/15.

MINISTRY OF EDUCATION, STATE DEPARTMENT OF VOCATIONAL AND TECHNICAL TRAINING Reports and Financial Statements For the year ended June 30, 2017

III. COMMENTARY BY THE CABINET SECRETARY (CONTINUED)

Emerging Issues

- a) Curriculum Reform: The current reforms in curriculum at all levels of education calls for increased resources for piloting the new curriculum; and training and in servicing of teachers/trainers for effective implementation.
- b) **Implementation of a realistic unit cost**: Continuous review and implementation of a realistic unit cost at all levels of education and training requires increased resources
- c) **ICT Integration**: There has been continuous effort by the Sector and stakeholders to embrace ICT in teaching/learning. Implementation of ICT responsive teaching and learning calls for increased investment which has an impact on the already constrained resource envelop.
- d) Institutional and Legal Requirements: The full implementation of the various Acts governing the Sector requires the establishment and operationalization of a number of institutions as well as implementation of relevant reforms. As a result, the effective operation of these bodies and their mandate require additional resources
- e) **Devolved System of Governance:** The Constitution transferred a number of functions that were previously implemented by the National Government to County Governments. Some of the services devolved from ETS perspective include provision of ECDE and VET. Development of policies to manage the provision of services in these areas however were retained at the National Government. The operational challenges of the independence and inter-dependence of these two levels of governments were not anticipated.
- f) Special Needs Education: Special Needs Education which cuts across all levels of education and training addresses the needs of learners with varied impairments which require more financial resources for the provision of infrastructure, learning materials and assessment of the curriculum implementation. The Ministry will mainstream special needs programmes in all levels of education and training, including TVET.
- g) **Expansion of Training Institutions:** The need to establish Technical Training Institutions in counties that do not have any continues to exert budgetary pressure on resources.
- h) Increased Demand for Technical Trainer Colleges: The significant expansion of existing TVET institutions and establishment of new ones all over the country has been recorded. The expansion of TVET call for an establishment of additional technical trainer colleges to match the demand for more trainers. The training of trainers should also mainstream the curriculum reforms that are underway.
- i) Capacity Building Needs: The Sector requires continuous capacity building for the effective implementation of curriculum as well as other emerging issues. Specifically, there is the need to establish the Kenya School of Teachers to cater for large number of teachers requiring in service training at a cost of Kshs 300 million at the start.

Reports and Financial Statements

For the year ended June 30, 2017

- j) Competency Based Education and Training (CBET): CDACC is mandated to develop and implement CBET in the ongoing curriculum reforms. This will provide transition from a knowledge based to competency based curriculum. In addition, there is need for establishment of publishing and printing facility. This requires approximately KShs. 220 million which was not provided for under the available ceiling.
- k) Recruitment of staff by TVETA: The National Treasury gave an approval for TVETA to recruit staff which has a cost implication of KShs. 212 million which has not been provided for under the resource ceiling.
- l) Kenya National Qualification Authority and TVET Funding Board: Full Operationalization of KNQA is yet to be realized despite their creation in the TVET Act.
- m) Stakeholder Coordination and Participation in Management of Public Business: The Constitutional requirement for a broad-based stakeholder participation and the current Education and training reforms calls for revolutionizing of the current practices in various areas including policy formulation and quality assurance. The high number and widespread of stakeholders leads to overlap and conflict of interest in addressing issues in education and training sector. There is need to create mechanisms for better stakeholder's participation in management of public business.

Challenges

The following challenges weighed heavily on the Ministry's effort to effectively deliver on its mandate:

- i) Uncoordinated Skills Training: Several ministries oversee the management of public TVET institutions. This arrangement creates difficulties due to multiplicity of testing and certification standards. This situation has implications on standardization of training, quality assurance, recognition of prior learning, and further education of TVET graduates due to the absence of a framework for mutual recognition of qualifications
- ii) There is inadequate industry participation in the formulation of the curriculum, and therefore graduates do not have relevant skills that match the labour market needs. This mismatch between demand and supply of labour has led to unemployment and low productivity.
- Regional and Gender Disparities in Access, Completion and Transition: Enrolment of female trainees in Science related courses is lower compared to male counterparts. The marginalised areas which still lag behind the rest of the country require targeted interventions.
- iv) **Inadequate Funding:** The growth in enrolment in TVET institutions require additional money for capitation.

Reports and Financial Statements

For the year ended June 30, 2017

- v) Funding of VTCs by various county governments was inadequate and disaggregated. Mass retirements and natural attrition of adult education officers and instructors without replacement, lack of teaching and learning materials led to high drop-out rate of adult learners. There is need to provide capitation grants to adult education learners and mainstream special needs education in ACE. School levies is a barrier to retention of SNE learners across all levels of education and training. The higher cost of implementing special needs education as compared to typical learning means that the levies are higher for SNE learners.
- vi) Low ICT integration: The high cost of ICTs equipment and infrastructure has led to inadequate ICT facilities in the learning institutions. The ICT related costs includes high costs of computing devices, internet connectivity, electricity costs, maintained costs and initial costs for training trainers and teachers.

vii) Data Management in Education and Training

The education and training sector is faced with a general lack of harmony in data management system. Data for planning purposes is either inaccurate, incomplete or untimely. Data from VTCs from the counties is scarce and unpredictable and it takes a long time to collect when need arises while timeliness and accuracy of the data is not efficient.

- viii) **Poor Perception and Recognition of TVET:** The public, parents and potential trainees view TVET as last resort career choice. This has led to little impact from TVET as an important strategy to train skilled manpower for the employment market and for sustainable livelihoods. There is stigmatization of Learners with disabilities.
- ix) Overlaps in Acts of Parliament in Education and Training: Existence of fragmented and multiple legislations governing education and training sector pose a problem in coordination of education and training functions. Fragmentation of policies e.g. Some policies in TVET sector remains contrary to the spirit of the education regulations and the Constitution.
- x) Lack of Regulations of Qualifications: The education and training lacks regulations of qualification leading to uncoordinated qualifications awarding bodies, fraudulent qualifications, lack of credibility and quality qualifications.
- xi) Inadequate Training and Capacity Building: The sector experienced some challenges that impacted on full achievement of its objectives including uncoordinated and fragmented training, capacity building and research by various governments' capacity development agencies and lack of a harmonized National Capacity Development policy, agenda and priorities

Reports and Financial Statements

For the year ended June 30, 2017

- vii) Understaffing: Mass retirements and natural attrition has affected the State Department negatively. VET having been devolved to county Governments, the officers formerly working here were inherently transferred. This left DVET understaffed at the national level.
- Skill and Competency Manpower Gap in TVET Trainers Management: In line with the current TVET reforms which are geared at producing skilled manpower that can actively contribute to the country's economic development courses offered in TVET institutions are highly specialized and require trainers who are skilled in those specific areas for effective training. The current TSC scheme of service for technical teachers does not adequately attract and retain competent professionals such as engineers, technologists and medics to work as trainers in TVET institutions. To enable recruitment, management and retention of adequately skilled and competent staff the Ministry will put in place the necessary policies and structures to facilitate a smooth transition of TVET Trainers management function

Ambassador (Dr.) Amina Chawahir Mohamed, EGH, CAV

Cabinet Secretary, Ministry of Education

Reports and Financial Statements

For the year ended June 30, 2017

IV. STATEMENT OF ENTITY MANAGEMENT RESPONSIBILITIES

Section 81 (1) of the Public Finance Management Act, 2013 requires that, at the end of each financial year, the accounting officer for a National Government Entity shall prepare financial statements in respect of that entity. Section 81 (3) requires the financial statements so prepared to be in a form that complies with relevant accounting standards as prescribed the Public Sector Accounting Standards Board of Kenya from time to time.

The Accounting Officer in charge of the State Department of Vocational and Technical Training is responsible for the preparation and presentation of the entity's financial statements, which give a true and fair view of the state of affairs of the entity for and as at the end of the financial year (period) ended on June 30, 2017. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the entity; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the entity; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The Accounting Officer in charge of the State Department of State Department of Vocational and Technical Training accepts responsibility for the entity's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS). The Accounting Officer is of the opinion that the entity's financial statements give a true and fair view of the state of entity's transactions during the financial year ended June 30, 2017, and of the entity's financial position as at that date. The Accounting Officer charge of the State Department of Vocational and Technical Training further confirms the completeness of the accounting records maintained for the entity, which have been relied upon in the preparation of the entity's financial statements as well as the adequacy of the systems of internal financial control.

The Accounting Officer in charge of the State Department of Vocational and Technical Training confirms that the entity has complied fully with applicable Government Regulations and the terms of external financing covenants (where applicable), and that the entity's funds received during the year under audit were used for the eligible purposes for which they were intended and were properly accounted for. Further the Accounting Officer confirms that the entity's financial statements have been prepared in a form that complies with relevant accounting standards prescribed by the Public Sector Accounting Standards Board of Kenya.

Approval of the financial statements

The entity's financial statements were approved and signed by the Accounting Officer on 30th September 2017.

OFFICE OF THE AUDITOR-GENERAL

REPORT OF THE AUDITOR-GENERAL ON THE MINISTRY OF EDUCATION, SCIENCE AND TECHNOLOGY- STATE DEPARTMENT OF VOCATIONAL AND TECHNICAL TRAINING VOTE 1064 FOR THE YEAR ENDED 30 JUNE 2017

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of Ministry of Education, Science and Technology- State Department of Vocational and Technical Training set out on pages 1 to 22, which comprise the statement of financial assets and liabilities as at 30 June 2017, statement of receipts and payments, statement of cash flows and statement of comparative budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of the State Department of Vocational and Technical Training as at 30 June, 2017, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Cash Basis) and comply with Public Finance Management Act 2012.

In addition, as required by Article 229(6) of the Constitution, except for the matters described in the Basis for Qualified Opinion and Other Matter section of my report, based on the procedures performed, I confirm that, nothing has come to my attention to cause me to believe that public money has not been applied lawfully and in an effective way.

Basis for Qualified Opinion

1. Cash and Bank Balances

Excluded from the cash and bank balances of Kshs.156,769,047 as at 30 June, 2017 is a payment in the cashbook not in the bank statement amounting to Kshs.600,000 relating to development account which was not reversed in the cashbook as at the date of this report.

In the circumstances, it has not been possible to confirm that cash and bank balance of Kshs.156,769,047 as at 30 June, 2017 is fairly stated.

Report of the Auditor-General on the Financial statements of Ministry of Education, Science and Technology-State Department of Vocational and Technical Training Vote 1064 for the year ended 30 June 2017

2. Under-Collection of AIA

The statement of receipts and payments for the year ended 30 June, 2017 reflects proceeds from foreign borrowing (Appropriation-in-Aid) figure of Kshs.696,180,311 and which is at variance with the approved estimates figure of Kshs.995,699,998 resulting in under-collection of AIA of Kshs.299,519,687 or approximately 30% of the total estimated receipts. No explanation has been given for the under collection of Appropriation-in-Aid of Kshs.299,519,687 for the year ended 30 June 2017.

3. Nugatory Payment

The statement of receipts and payments for the year ended 30 June, 2017 reflects use of goods and services figure of Kshs.3,497,472,588 . This figure includes an amount of Kshs.159,817,204 paid to a clearing and forwarding firm on 29 June 2017 in respect of interest, storage, delays and court costs on a contract signed in 2011 for the provision of clearance and inland logistics services for the Government of Kenya-China Project. Although the payment of Kshs.159,817,204 was supported by a High Court decree and certificate of order both dated 7 September, 2016, documents availed for audit review indicate that the amount was arrived at after the consent between the clearing firm and the defendant (Ministry). Further, examination of the decree document reflects a contract sum of Kshs.137,135,407, while the contract signed on 13 December, 2011 indicates a contract sum of Kshs.59,954,926. No explanation was availed for audit review on how the contract sum changed from the initial Kshs.59,954,926 to Kshs.137,135,407 and finally to Kshs.159,817,214.

Additionally, it is not clear and the management has not explained the basis of the interest charged at 3% per month (36% per year) instead of 6% per annum of the principal sum as spelt out under Section 26 of the Civil Procedure Act or between 12% -14% per annum usually applied in settlement of court cases. Further, no explanation has been provided as to why the Ministry consented to pay Kshs.159,817,204 instead of appealing the case considering the huge interest differences. Besides, no judgement has been availed for audit review to support the basis of the payment.

In the circumstances, the expenditure of Kshs.159,817,204 cannot be confirmed as a proper charge to public funds.

4. Delay in Completion of Projects

The statement of receipts and payments for the year ended 30 June, 2017 reflects transfers to other government units figure of Kshs.4,329,951,710 which includes Kshs.1,037,244,895 disbursed to various institutions for settlement of claims from various contractors. These claims arose when the Ministry awarded contracts for the construction of additional seventy (70) new technical training institutes across the country at a total contract sum of Kshs.3,821,946,490 for a period of one year as shown below;

Seventy (70) new Technical Institutes

However, review of the projects' progress report of December 2017 indicates that all the seventy (70) institutions are incomplete, yet the contract period has already lapsed. The project was therefore way behind schedule.

The State Department of Vocational and Technical Training had earlier embarked on construction of sixty (60) new institutes in October 2014 at a total contract sum of Kshs.3,246,940,967.92 and for a contract period of one year. A review of the project progress report dated December 2017 further revealed that twenty-four (24) institutes worth Kshs.1,284,489,490 are still incomplete as detailed below:

List of 24 Technical Training Institutions

S/No	Mentoring Institution	New TVC	Percentage Work Done	Contract Amount

18	Kisumu Poly	Nyakach	85	60,243,100
19	Kisii National Poly	Riamo	55	53,938,485
20	Meru	Saku	85	51,402,035
21	Meru	Samburu West	90	51,798,340
22	Kitale	Sigor	80	53838998
23	Eldoret Poly	Turkana East	90	55172555.5
24	Nairobi	Wajir South	90	53,388,490
Total				1,284,489,957

All the above 24 institutions are incomplete despite the fact that the contract period has already lapsed and the Ministry has released its entire contribution totaling Kshs.2.646.940.968 for the projects.

In the circumstances, it has not been possible to confirm when and if the project will be completed and when the stakeholders will get value for money from the public resources totaling Kshs.5,106,436,447.

5. Construction of Septic Tanks in nine (9) New Technical Institutes

The statement of receipts and payments for the year ended 30 June, 2017 reflects transfers to other government units figure of Kshs.4,329,951,710 which includes payments of Kshs.39,929,939.40 to eight (8) technical training institutes vide payment voucher No.115 dated 19 May 2017 towards construction of septic tanks. This project was proceeded by the construction of nine (9) technical institutes in counties with none during the year 2014/2015 at a contract sum of Kshs.487,865,560.34. However, available information indicates that the institutes are incomplete while one Chepareria TI has since collapsed the cause is yet to be established. Although the management has explained that a team of experts is carrying out investigation on the cause of the collapsed building, the outcome is unknown. It is not clear and management has not explained why the initial project

worth Kshs.487,865,560.34 has not been completed as at the date of this report. Further, the management has not explained why the construction of septic tanks was not included in the main contract sum.

In the circumstances, it has not been possible to confirm the propriety of the expenditure of Kshs.39,929,939.40 for the year ended 30 June 2017 incurred on construction of septic tanks

6. Procurement of Equipment for TTIS – Kenya-China project

The Government of Kenya through the Ministry of Education, Science and Technology entered into a contract with AVIC International Holding Corporation for the supply of equipment under Kenya-China project on establishment of Technical and Vocational Training workshops at a total cost of US \$ 166,618,659 later revised to US \$158,785,183 (Kshs.16,402,509,403.90) through an addendum dated 25 May 2016.

project Contract This project proceeded a previously negotiated ATE/KEZ/09M5409 with the same contractor for the supply of equipment to various TVETs at a cost of US \$ 133,427,833 (Kshs.13,743,066,799). However, minutes of the meeting on negotiations between AVIC International and GoK were not availed for audit review to confirm the considerations/terms of the contract. It was further noted that an essential component of the project, the Government of Kenya was to undertake civil works on construction of 130 Technical Training Institutes. However, a review of the status report dated December 2017 indicates percentage of work done averaged 51% despite the fact the first batch of equipment were delivered in December 2017. The project was therefore behind schedule. Ministry did not provide reasons for the delay in project completion.

In the circumstances, it has not been possible to confirm if and when the project will be completed and when the stakeholders will obtain the value for their public resources.

It was further noted that the on 11 January, 2017 the State Department-VTT paid Kshs.2,440,000,000 to the Principal Secretary-Treasury Deposit account for equipment under Kenya-China Project on establishment of Technical and Vocational Training Workshop in Kenya. However, no supporting analysis on how the Kshs.2,440,000,000 was utilized was availed for audit review. In the circumstances, it has not been possible to confirm the propriety of expenditure of Kshs.2,440,000,000 for the year ended 30 June 2017.

7. Payment of Rent without Valid Lease Agreements

The statement of receipts and payments for the year ended 30 June, 2017 reflects use of goods and service figure of Kshs.3,497,472,558 and which includes payments totalling Kshs.57,244,711 in respect of rentals of produced assets as disclosed in Note 3 to the financial statements. The figure of Kshs.57,244,711 also includes Kshs.55,369,049 being rent of office space for the various departments whose valid and current lease agreements with various landlords and property managers were not availed for audit verification. In the circumstances, it has not

been possible to confirm that the rent paid of Kshs.55,369,049 was in line with the existing agreement and consistent with market rates.

8. Direct Procurement of Goods and Services

The statement of receipts and payments for the year ended 30 June, 2017 reflects use of goods and services figure of Kshs.3,497,472,558 and which includes payments totalling Kshs.463,883 in respect of air tickets procured from suppliers through direct procurement. No reasons were given for direct procurement as opposed to competitive bidding. In the circumstances, the air tickets may have been overpriced and procurement was not in accordance Section 161 (2) (d) Public Procurement and Assets Disposal Act 2015 on procedure for request for quotations which states that at least three persons shall submit their quotations prior to evaluation.

9. Pending Bills

9.1 Unclear Payments for Equipment for Vocational Training Centres

Examination of payment records for the year under review revealed that the Department paid pending bills for the year 2015/2016 totalling Kshs.8,362,600 relating to procurement of tools and equipment for youth polytechnics. However, scrutiny of the procurement records revealed that purchase of equipment for Youth Polytechnics had not been factored in the procurement plan for the year 2015/2016. This is contrary to Section 53 (8) of the Public Procurement and Asset Disposal Act 2015 which requires the Accounting Officer not to commence any procurement proceeding until satisfied that sufficient funds to meet the obligations of the resulting contract are reflected in its approved budget estimates.

In the circumstances, the propriety of expenditure of Kshs.8,362,600 on equipment for the year ended 30 June, 2017 could not be confirmed and the State Department therefore is in breach of the law.

9.2 Unauthorized Payment of Pending Bills

Examination of pending bills revealed that during the year under review, the State Department of VTT paid Kshs.1,695,000 and Kshs.2,082,336 to Kenya Education Management Institute and Shawa Suppliers and General Contractors respectively. These two payments were however not included in the approved list of pending bills for the year 2015/2016. No explanation has been provided for this anomaly.

In the circumstances, it has not been possible to confirm that expenditure totalling Kshs.3,777,336 was a proper charge to public resources.

10. Transfers to Other Government Units

The statement of receipts and payments for the year ended 30 June, 2017 reflects transfers to other government units figure of Kshs.4,329,951,710 which includes payments totalling Kshs.91,400,000 made to ten (10) Technical Institutes and

seven (7) National Polytechnics towards renovation of workshops as summarized below:

Disbursement to TTIs and National polytechnics for renovation of workshops

S/No.		County	Institution	Amount
National polytechnics		olytechnics		
1		Nyeri	Nyeri Polytechnic	6,000,000.00
2		Garisa	North Eastern Polytechnic	6,000,000.00
3		Meru	Meru Polytechnic	7,000,000.00
4		Kakamega	Sigalagala Polytechnic	7,000,000.00
5		Kisumu	Kisumu Polytechnic	5,000,000.00
6		Kiambu	Kabete Polytechnic	5,000,000.00
7		Transzoia	Kitale Polytechnic	5,000,000.00
Subtota	al			41,000,000.00
TTIS				
1		Kiambu	Thika TTI	4,140,000.00
2		Nairobi	PC Kinyanjui TTI	5,140,000.00
3		Meru	Nkabune TTI	5,140,000.00
4		Kiambu	Kiambu IST	5,140,000.00
5		Bungoma	Katine	5,140,000.00
6		Mandera	Mandera TTI	5,140,000.00
7		Embu	Mukiria TTI	5,140,000.00
8		Bungoma	Musakasa TTI	5,140,000.00
9		Kakamenga	Friends C Kaimosi	5,140,000.00
10		Baringo	Koshim TTI	5,140,000.00
Total				50,400,000.00
Grand	Total			91,400,000.00

However, no evidence was availed for audit review showing how the Institutions were identified and amount disbursed to each Institution was arrived at.

In the circumstances, it has not been possible to confirm the authenticity of payments totalling Kshs.91,400,000 to the five (5) Technical Institutions and seven (7) National Polytechnics for the year ended 30 June 2017.

Key Audit Matters

Key audit matters are those matters that in my professional judgment, are of most significance in the audit of the financial statements. Except for the matter described in the Basis for Qualified Opinion section, I have determined that there are no Key Audit Matters to communicate in my report.

Other Matter

1.0 Budgetary Control and Performance

The State Department for Vocation Training and Technical Training had a total budget of Kshs.8,418,210,938 voted for the financial year 2016/2017 comprising of Kshs.5,888,749,368 for Development and Kshs.2,529,461,570 for Recurrent votes respectively. The budget absorption in the department was as follows: -

Item	Budgeted Allocation 2016/2017	Actual 2016/2017	Under Absorption	Absorption in %
	Kshs	Kshs	Kshs	1
Recurrent	2,529,461,570	2,470,397,010	59,064,560	98%
Development	5,888,749,368	5,378,328,281	510,421,087	91%
Total	8,418,210,938	7,848,725,291	569,485,647	

It has however not been explained why the Department did not fully utilize the budget allocation as at 30 June 2017. Failure to utilize a budget is an indication that some projects and programmes are not carried out as planned hence need to formulate a budget with priority areas.

1.1 Recurrent Vote

The budget performance analysis for the recurrent budget totalling Kshs.2,529,461,570 is as detailed below:

Item	Budget 2016-2017 Kshs	Actuals 2016-2017 Kshs	Under Absorption Kshs	% Absorption
Use of goods and services	379,266,198	338,406,481	40,859,717	89%
Transfers to Other Government Units	2,130,363,052	2,129,498,529	864,523	99.95%
Acquisition of Assets	19,832,320	2,492,000	17,340,320	13%
Grand Total	2,529,461,570	2,470,397,010	59,064,560	98%

From the above analysis, the State Department underutilized the budget for acquisition of assets by 87%. The under absorption of the approved budget is an indication of activities not implemented by the State Department which implies non delivery of goods and services to citizens in the year ended 30 June 2017.

1.2 Development Vote

The budget performance analysis for Development vote budget totalling Kshs.5,888,749,368 was as detailed below:

Item	Budget 2016-2017 Kshs	Actuals 2016-2017 Kshs	Under Expenditure Kshs	% Absorption
Use of goods and services	3,391,251,554	3,159,066,077	232,185,477	93%
Transfers to Other Government Units	2,325,999,370	2,200,453,181	125,546,189	95%
Other grants and transfers	10,000,000	0	10,000,000	0%
Acquisition of Assets	161,498,444	18,809,023	142,689,421	12%
Grand Total	5,888,749,368	5,378,328,281	510,421,087	

From the above analysis, the Department underutilized the budget under acquisition of assets and other grants and transfers by 88% and 100% respectively. The under absorption of the approved budget is an indication of activities not implemented by the Ministry which implies non delivery of goods and services to the citizens during the year under review.

Responsibilities of Management and Those charged with Governance for the financial statements

The Accounting Officer - Ministry of Education, Science and Technology - State Department of Vocational and Technical Training is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Ministry's ability to continue to sustain services, disclosing, as applicable, matters related to sustainability of services and using the going concern basis of accounting unless the management either intends to liquidate the Ministry or to cease operations, or have no realistic alternative but to do so.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

Those charged with governance are responsible for overseeing the Ministry's financial reporting process.

Auditor-General's Responsibilities for the Audit of the Financial Statements

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution of Kenya. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, and for the purpose of giving an assurance on the effectiveness of the Ministry's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Ministry's ability to continue or to sustain services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on

the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Ministry to cease to continue to sustain its services.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and entities or business activities of the Ministry to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in financial statements

I communicate with the management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

FCPA Edward R. O. Ouko, CBS AUDITOR-GENERAL

Nairobi

MINISTRY OF EDUCATION, SCIENCE AND TECHNOLOGY STATE DEPARTMENT OF VOCATIONAL AND TECHNICAL TRAINING Reports and Financial Statements For the year ended June 30, 2017

SUMMARY STATEMENT OF APPROPRIATION: DEVELOPMENT (CONTINUED) XI.

Notes

- precondition by the donors before a 'No. Objection" issuance can be granted to the ministry to facilitate the absorption of these Underutilisation in proceeds from foreign borrowing of 70% is as a result of a long procurement processes that is set as a
- Underutilisation in Other Grants and Transfers of 87% is as a result of under absorption of scholarship funds as the number of students who met a certain set criterion to qualify for award of the same was not enough to fully utilise funds.
 - The underutilisation of Acquisition of Assets of 26% is as a result delay of capturing the procurement plan in IFMIS due to associated system challenges.

The changes between the original and final budget are as a result of reduction in budgetary requirement forecasts of Kshs. 754,299,990 and thus reallocation of the budget was necessary.

The entity financial statements were approved on 30th September 2017 and signed by:

Peter M

Dr. Kevit Desai, PhD, MBS

Principal Secretary

Peter M. Mokobo Senior Assistant Accountant General ICPAK Member Number: 4097

MINISTRY OF EDUCATION, STATE DEPARTMENT OF VOCATIONAL AND TECHNICAL TRAINING

Reports and Financial Statements

For the year ended June 30, 2017

XIII. SIGNIFICANT ACCOUNTING POLICIES

The principle accounting policies adopted in the preparation of these financial statements are set out below:

1. Statement of compliance and basis of preparation

The financial statements have been prepared in accordance with Cash-basis IPSAS financial reporting under the cash basis of Accounting, as prescribed by the PSASB and set out in the accounting policy notes below.

This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions. The receivables and payables are disclosed in the Statement of Assets and Liabilities. The Statement of Assets and Liabilities is not mandatory statement under the IPSAS Cash basis but is encouraged in order to disclose information on assets and liabilities.

The financial statements are presented in Kenya Shillings, which is the functional and reporting currency of the entity all values are rounded to the nearest Kenya Shilling. The accounting policies adopted have been consistently applied to all the years presented.

The financial statements comply with and conform to the form of presentation prescribed by the PSASB.

2. Reporting entity

The financial statements are forthe State Department of Vocational and Technical Training. The financial statements encompass the reporting entity as specified under section 81 of the PFM Act 2012 and also comprise of the following development projects implemented by the entity:

- i. Revitalization of youth polytechnics under Kenya Italy Debt for Development Program(KIDDP)
- ii. GOK/AfDB Support to Technical and Vocational Education and Training (TVET) for Enhanced Skills Development Project-TVET Phase II
- iii. The Netherlands Technical, Industrial, Vocational and Entrepreneurship Training (TIVET)
 Project

3. Recognition of receipts and payments

a) Recognition of receipts

The Entity recognises all receipts from the various sources when the event occurs and the related cash has actually been received by the entity.

Tax receipts

Tax Receipts is recognized in the books of accounts when cash is received. Cash is considered as received when notification of tax remittance is received.

MINISTRY OF EDUCATION, SCIENCE AND TECHNOLOGY STATE DEPARTMENT OF VOCATIONAL AND TECHNICAL TRAINING

Reports and Financial Statements

For the year ended June 30, 2017

SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Transfers from the Exchequer

Transfer from Exchequer is recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving entity.

External Assistance

External assistance is received through grants and loans from multilateral and bilateral development partners.

Donations and grants

Grants and donations shall be recognized in the books of accounts when cash is received. Cash is considered as received when a payment advice is received by the recipient entity or by the beneficiary. In case of grant/donation in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice.

Proceeds from borrowing

Borrowing includes Treasury bill, treasury bonds, corporate bonds; sovereign bonds and external loans acquired by the entity or any other debt the Entity may take on will be treated on cash basis and recognized as receipts during the year of receipt.

Undrawn external assistance

These are loans and grants at reporting date as specified in a binding agreement and relate to funding for projects currently under development where conditions have been satisfied or their ongoing satisfaction is highly likely and the project is anticipated to continue to completion. During the year ended 30th June 2017, there were no instances of non-compliance with terms and conditions which have resulted in cancellation of external assistance loans.

Other receipts

These include Appropriation-in-Aid and relates to receipts such as proceeds from disposal of assets and sale of tender documents. These are recognised in the financial statements the time associated cash is received.

Recognition of payments

The entity recognises all expenses when the event occurs and the related cash has actually been paid out by the entity.

Compensation of employees

Salaries and Wages, Allowances, Statutory Contribution for employees are recognized in the period when the compensation is paid.

SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

MINISTRY OF EDUCATION, SCIENCE AND TECHNOLOGY STATE DEPARTMENT OF VOCATIONAL AND TECHNICAL TRAINING

Reports and Financial Statements

For the year ended June 30, 2017

Use of goods and services

Goods and services are recognized as payments in the period when the goods/services are consumed and paid for. Such expenses, if not paid during the period where goods/services are consumed, shall be disclosed as pending bills.

Interest on borrowing

Borrowing costs that include interest are recognized as payment in the period in which they incurred and paid for.

Repayment of borrowing (principal amount)

The repayment of principal amount of borrowing is recognized as payment in the period in which the repayment is made.

Acquisition of fixed assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

A fixed asset register is maintained by each public entity and a summary provided for purposes of disclosure. This summary is disclosed as an annexure to the entity's financial statements.

1. In-kind contributions

In-kind contributions are donations that are made to the State Department in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the State Department includes such value in the statement of receipts and payments both as receipts and as an expense in equal and opposite amounts; otherwise, the contribution is not recorded.

2. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year.

MINISTRY OF EDUCATION, SCIENCE AND TECHNOLOGY STATE DEPARTMENT OF VOCATIONAL AND TECHNICAL TRAINING Reports and Financial Statements

For the year ended June 30, 2017

SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Restriction on cash

Restricted cash represents amounts that are limited /restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation.

Amounts maintained in deposit bank accounts are restricted for use in refunding third party deposits. There were no other restrictions on cash during the year

3. Accounts Receivable

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year are treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

MINISTRY OF EDUCATION, SCIENCE AND TECHNOLOGY STATE DEPARTMENT OF VOCATIONAL AND TECHNICAL TRAINING Reports and Financial Statements For the year ended June 30, 2017
