PERSONAL INFORMATION:

I am a Kenyan citizen aged 53 years this March, 2014.

Some achievements as a legislator:

- Successfully played the role of co-chair of **Chapter 12** of the constitution on **Public Finance** during the heated Bomas process that produced the initial draft of the current constitution.
- Successfully navigated the all-important **Fiscal Management Bill** into an Act whose cardinal object was to incorporate Parliament in the Budget Making Process of the Republic of Kenya.
- Elected chairman of the Parliamentary Budget Committee which incorporates chairs of all other Departmental Committees as ex-officio members. It is worthwhile to note that this is one of the very few legislations that the President highlighted as a hallmark achievement for the tenth parliament when he gave his farewell address to the house.
- I further engendered and succeeded in anchoring the contents of the Act in the constitution, Article 221 as well as in the Standing Orders of the National Assembly. Marshalling and taming the diverse interests of the many Members of Parliament to secure concurrence and build consensus on the all-important issues of resource allocation during budget processing and approval has not

been a mean feat; particularly during this transitional period when everything has to be done right the first time.

- Have led delegations of Members of Parliament and staff to various study tours and workshops on issues of public finance, budgetary oversight, devolution and governance in countries such as Uganda, Ghana, Phillipines, Germany, Zambia, the states of Maryland, Massachusetts and Washington DC.

The object of the programme is capacity building to members of parliament and staff involved in Budget Oversight for the seven partner countries of Ghana, Zambia, Tanzania, Kenya, Uganda, Benin and Senegal. The programme, with support by CIDA aims to implement strategies that strengthen the role of Members of Parliament in their engagement in the National budget process, oversight and audit.
- Have had the honour and privilege to receive and engage in instructive discussions with delegations and missions intent on Public Finance and Budget issues from many countries and organizations including Germany, South Africa, Ghana inter alia.
- Have always had to meet and hold discussions with the IMF and World Bank foreign teams every time they have had a Review of the economy and its budgetary support needs. These are crucial sessions where donor agencies wish to secure either the views or support of Parliament before they can make their final recommendations to their respective Boards; to either extend or hold onto their credit facilities.
- Co-chaired the final engagements with Treasury in the marathon processing and enactment of the Public Finance Management Act (PFM), 2012.
- As chairman of Budget Committee, we successfully recommended for the separation of the former office of Controller and Auditor General into those of Auditor General and Controller of Budget, now anchored in the constitution.

APSP- The annual stakeholder meeting for the African Programme on the Budget Oversight is scheduled for 24th -25th May, 2014 in Lusaka, Zambia.

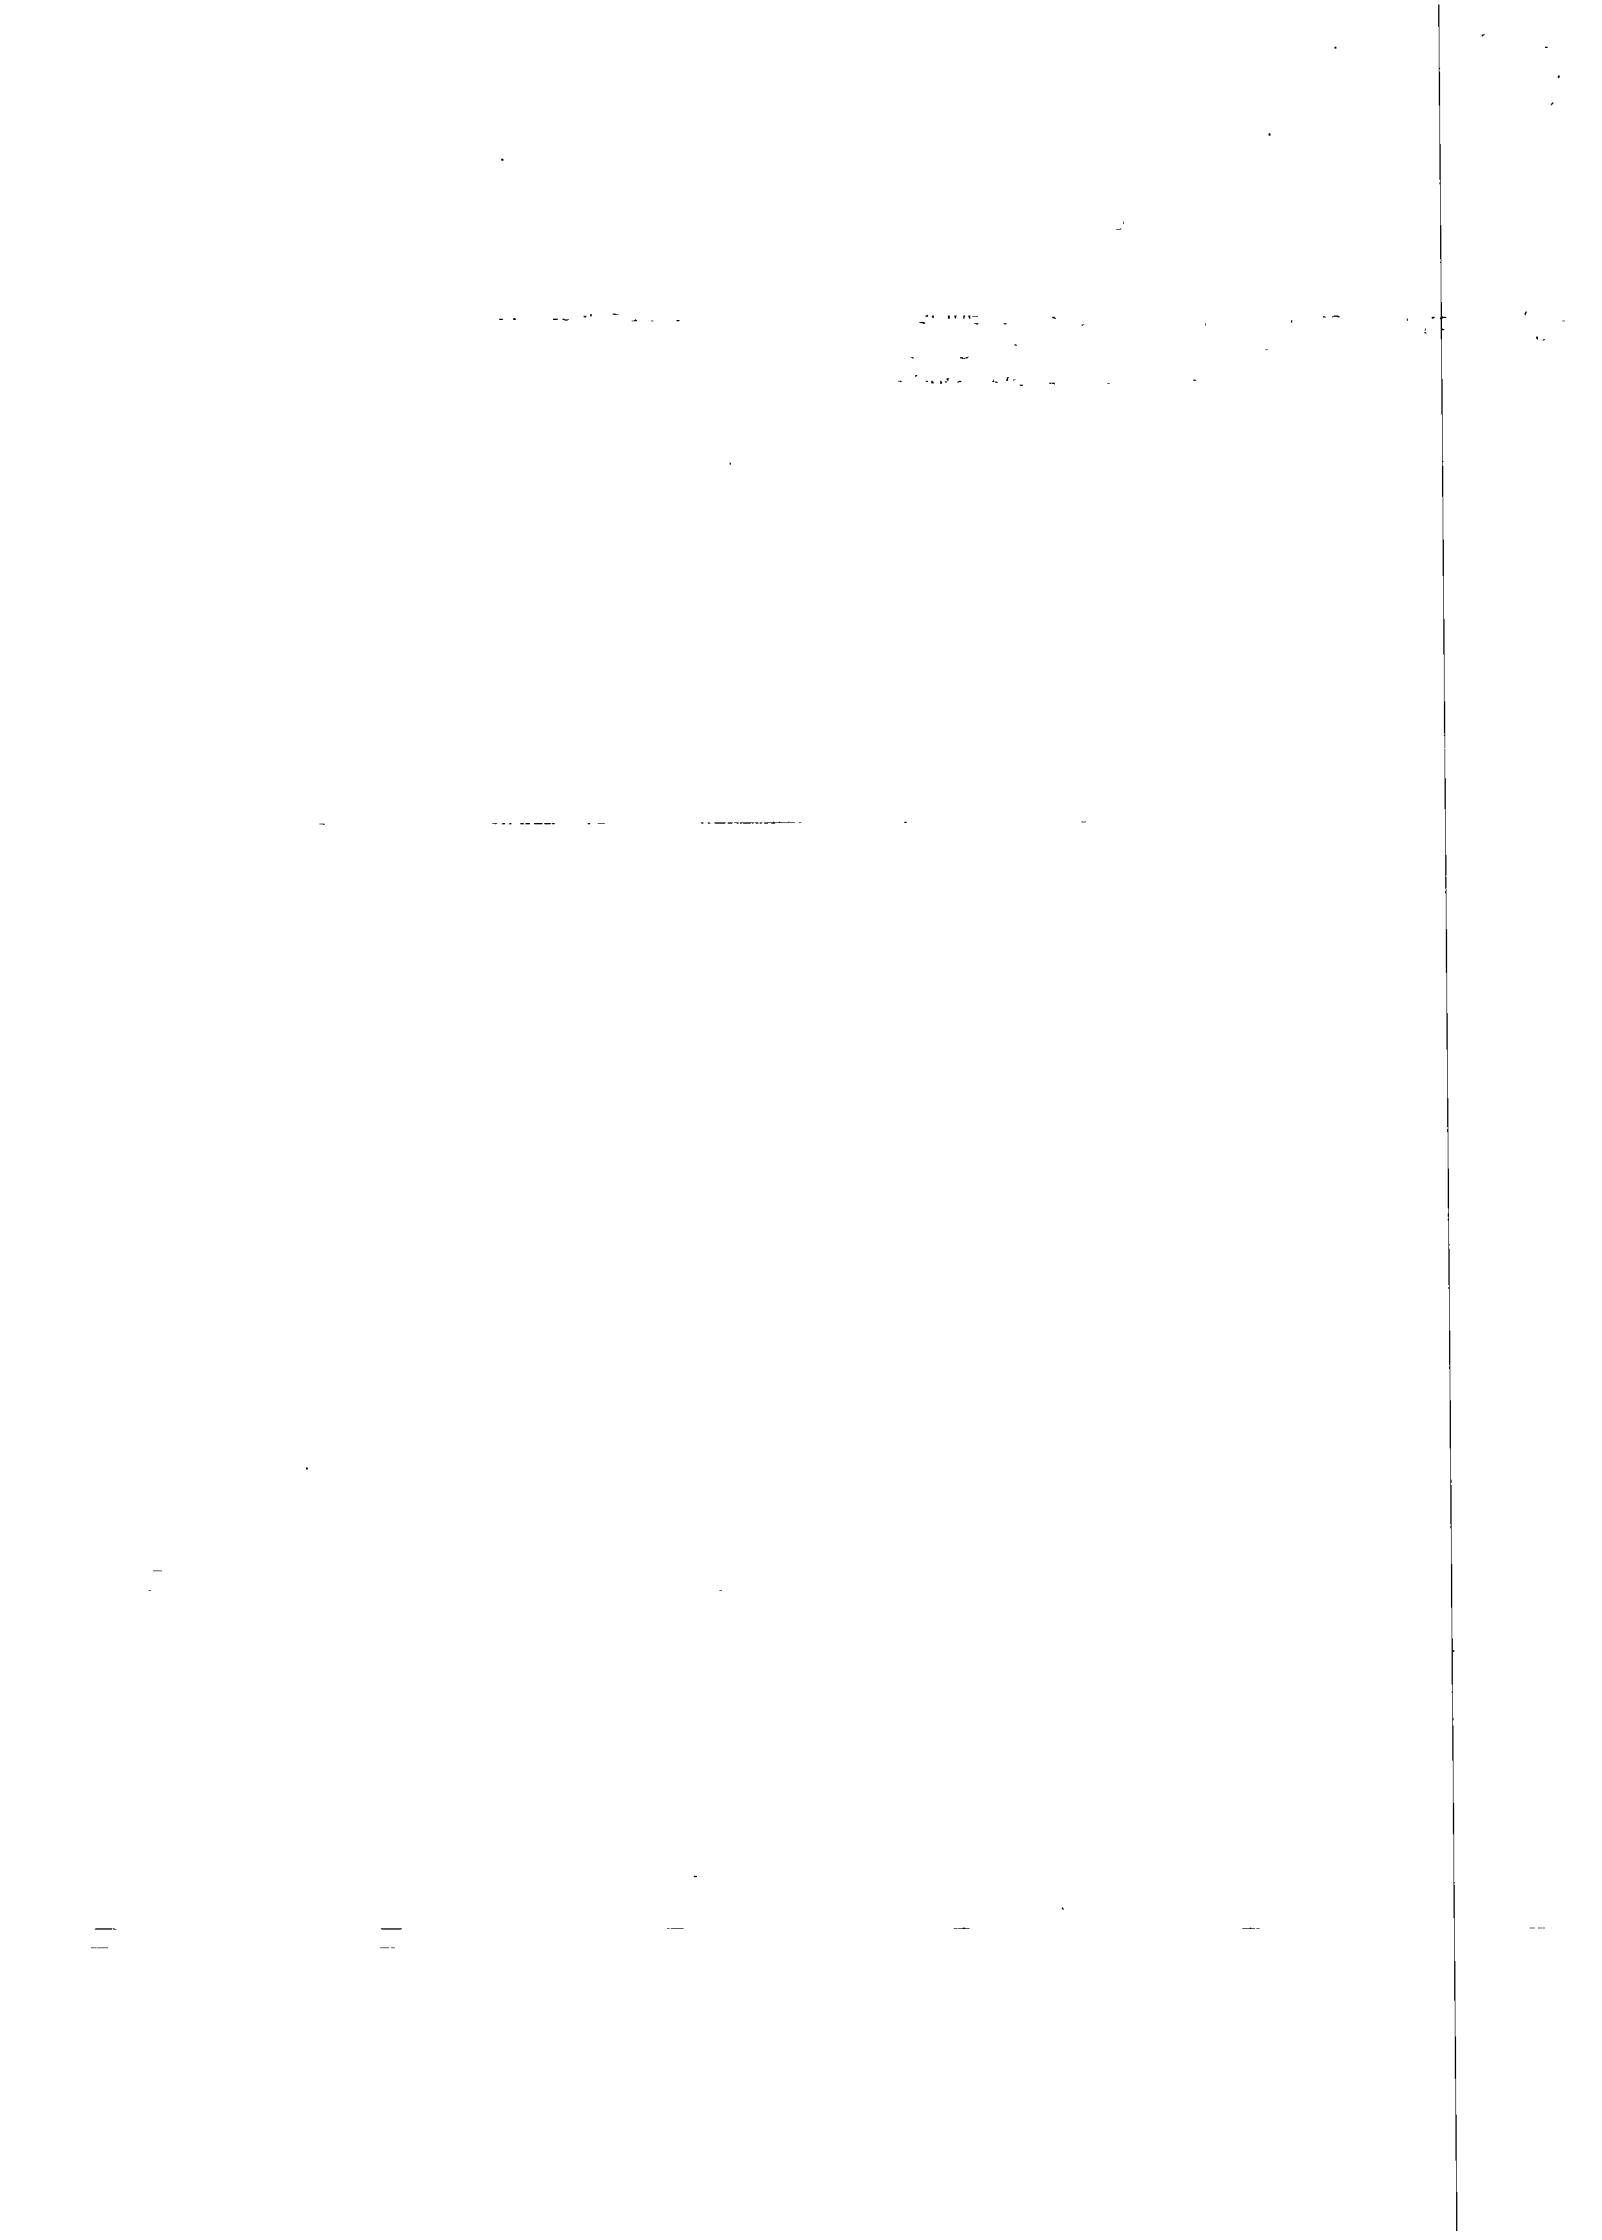

- Have successfully and under very difficult transitional circumstances compelled the Government to comply with the constitution and other statutes in the dramatic changes required in processing the national budget, its associated policy documents as well as the appropriation bills.
- Have had a chance to work very harmoniously and effectively with many government departments and agencies but more specifically those that have fallen under the purview of Budget Committee viz:
 - Commission on Revenue Allocation.
 - Kenya Revenue Authority.
 - The Treasury.
 - Auditor General.
 - The Judiciary.
 - Controller of Budget.
 - Parliamentary Service Commission among others.
- I have been a member of the Speakers Roundtable Forum whose key objective is providing a forum for regular engagement with the private sector under the auspices of **KEPSA** on various issues.
- I have attended and participated in extremely many relevant workshops, seminars and conferences either as a facilitator or a participant locally and abroad over the past ten years.
- I have also been able to move two motions successfully which were highly hailed and supported, though they have not moved to become Acts;
 - a) A motion prohibiting the use of mother tongue in public offices to engender unity and cohesiveness.
 - b) A motion urging government to waive mortuary charges for departed persons whose families are unable to pay bills within two weeks.
 - c) Have been leading efforts over the past three (3) months to come up with a bill, Child Welfare Society of Kenya bill to legislate for the enhanced rights of children in difficult circumstances.
- Over the Ten year period as MP for Maragua, I was able to prudently harness and utilize both public and private resources so as to uplift the standards of those living below the poverty line from a low of 45% in 2004, to 29% in 2008 which was the last recorded data by Kenya National Bureau of Statistics.

UNDERLYING OBJECTIVE:

- Having had the honour and privilege to have served the Kenyan public in various positions enumerated above and lately as a legislator, I feel particularly and passionately inclined to continue serving my country on a consultancy basis in various fields that are relevant to my knowledge, expertise and experience.
-
- I'm ever eager to be given a chance to continue rendering my service during this crucial transitional period, which requires diligence in implementing the constitution and accruing subsidiary legislations in order for Kenyans to begin to derive the enormous benefits of the constitution in the shortest time possible.
